MONTANA DEPARTMENT OF FISH, WILDLIFE, PARKS — HELENA, MT 59620

Written legal descriptions of hunting district boundaries may be obtained free from Fish, Wildlife and Parks offices listed on Page 1 of these regulations or from stores and shops where hunting and fishing licenses are sold.

By order of the Montana Fish and Game Commission, the seasons, limits and regulations listed herein shall govern the 1982 antelope, bear, bighorn sheep, deer, elk, moose, mountain goat and mountain lion hunting seasons. These regulations valid May 1, 1982 through April 30, 1983.

MONTANA FISH AND GAME COMMISSION
JAMES W. FLYNN, SECRETARY—MARCH 21, 1982

GENERAL REGULATIONS

Caliber

There are no caliber limitations. It is prohibited to use any poisonous, explosive, or deleterious substances on or in any arrowheads, bullet, or projectile. It is prohibited to use a shotgun to shoot deer except with loads of 0 buck, 00 buck or single ball loads.

Checking Stations

Hunters and fishermen are required to stop at checking stations on their routes of travel to and from hunting and fishing areas. Vital hunting and harvest information is gathered at checking stations.

Evidence of Sex and Species

Hunters taking big game must leave evidence of sex and species attached to the carcass. In addition, hunters taking elk or deer during antlered only seasons must be able to show on demand for inspection the complete head and antlers.

Game Limits

Unless otherwise specified, the limit of big game for each license year shall be one of each species of big game, subject to sex and age specifications as designated on regulations.

Game Tags

When you have killed your game animal, cut out the proper month and day from the carcass tag and immediately attach the tag to the carcass so it remains visible at all times.

Hunting Hours

Authorized periods shall be from one-half (½) hour before sunrise until one-half (½) hour after sunset each day of the hunting season. (See sunrise-sunset tables - page 8).

Hunting Districts

The state has been divided into legally described hunting districts designated by numbers, wherein the limits, season dates, species and sex of game animals which may be taken are specified. These districts are as shown on the enclosed maps for Deer, Elk, Bear, Mountain Lion, Antelope, Moose, Bighorn Sheep and Mountain Goat Hunting Regulations and are more particularly described in that document entitled "Legal Descriptions." Legal descriptions are available at Fish, Wildlife and Parks offices and at agents that sell hunting and fishing licenses.

Marked Animals

Hunters may encounter big game animals that have radio collars, neck bands or markers. It is legal to shoot such animals, but markers and radios must be returned to the Department of Fish, Wildlife and Parks.

Vehicle Travel Restrictions

Hunters must not drive off established roads or trails except to get big game carcasses that would otherwise be difficult to retrieve, in which case a motor-driven vehicle may be used to retrieve the carcasses, except in areas where more restrictive regulations apply or where the landowner has not granted such permission. Vehicles used to retrieve game must take the shortest possible routes to and from established roads or trails. On federal lands contact the nearest agency office. Certain roads on public lands are closed to vehicles. For current status of closures, contact the appropriate agency (Bureau of Land Management, U.S. Forest Service, Bureau of Reclamation, U.S. Fish and Wildlife Service).

ONCE A LICENSE IS ISSUED, IT IS NOT REFUNDABLE EXCEPT IN EVENT OF DEATH OF THE LICENSE HOLDER OR MEDICAL DISABILITY BEFORE SEPTEMBER 1, 1982 PRIOR TO OPENING OF HUNTING SEASON

Littering

A person convicted of littering while hunting, fishing, camping, or trapping shall forfeit his license or privileges to hunt, fish, camp or trap within Montana for a period of one year.

Transporting Weapons by Air

Federal Aviation Regulations require that all sporting weapons, including knives and handguns, transported by commercial airlines must be declared and carried unloaded as baggage.

DEER REGULATIONS

LICENSES VS. PERMITS

A hunting license is a document that authorizes the holder to hunt and take specified game. A special permit gives the holder a wider choice of the age and sex of animals that may be taken in

specific districts than would be possible without the permit. A permit does not provide for taking a second deer. Before hunting, permit holders must have appropriate hunting licenses.

KINDS OF DEER LICENSES

1. **Deer "A":** Resident hunters may purchase one deer A license during a license year. An A license is included in the resident sportsman's license and the nonresident \$275.00 license. These A licenses authorize hunting in all deer districts open to general hunting unless regulations specify otherwise.

2. There are also a limited number of nonresident deer A licenses available through a drawing to nonresidents who do not possess a \$275.00 combination license. These licenses will be

valid only in specific districts and for specified species and sex of deer.

3. Resident and nonresident B licenses are available through drawings in limited numbers. Each B license is valid for specified hunting districts. B licenses usually provide the opportunity for taking a second deer, but hunters need not hold an A license before applying for a B license.

DEFINITIONS

EITHER SPECIES: Means mule deer or whitetailed deer.

ANTLERED BUCK: Means mule deer with antlers not less than four inches in length measured from the top of the skull.

ANTLERLESS: Means female deer or juvenile males without antlers.

APPLICATION FOR DEER PERMITS, B DEER LICENSES AND NONRESIDENT DEER A LICENSES MUST BE POST-MARKED NO LATER THAN JUNE 15, 1982. See "Applying for Licenses and Drawings," Page 8.

IF A HUNTING DISTRICT NUMBER IS IMMEDIATELY FOLLOWED BY A TWO-DIGIT NUMBER (EXAMPLE: 311-01) YOU MUST INCLUDE ALL NUMBERS WHEN MAKING APPLICATION FOR A DEER PERMITS, DEER B LICENSES OR NONRESIDENT DEER A LICENSES.

JUDGING
A LEGAL RAM

When a straight line extending from the front base of the horn through any portion of the eye opening intercepts any portion of the horn, the ram is legal. If the horn is not long enough to be intercepted by the line, the sheep is not legal.

Base of the horn shall be considered as the point where the horn meets the hairline of the head. See the illustration above.

New Districts - 203, 441

District Boundaries Revised - 122, 303, 500

BIGHORN SHEEP

1. **Preference in Drawings:** refer to information contained in "Preference in Drawings."

2. **Licenses Issued Through Drawings:** All bighorn sheep licenses in sheep hunting districts 100, 121, 122, 123, 203, 213, 216, 250, 270, 340, 421, 422, 423, 424, 441, 455, 620 and 760 will be issued through drawings. All licenses issued through drawings will be valid for the season dates specified on the licenses.

3. **No-Drawing Licenses (Unlimited Sheep):** Hunters may get bighorn sheep licenses in a number of districts without entering drawings if application is made to the Fish, Wildlife and Parks office in Helena no later than August 31. Each of these sheep hunting districts is assigned a harvest quota. When the quota is reached or approached, the sheep season in that district is closed on 48 hours' notice. This could possibly be within a few days after season opening in some districts.

4. **Limit:** One bighorn sheep subject to the sex and age specifications in the hunting regulations. Hunters taking bighorn sheep must be able to show on demand for inspection the kill site and complete head.

5. Anyone taking a sheep with a license valid for a "legal ram" must not alter the head and

horns as to make determination of legality uncertain.

6. **Possession - Transportation Permit:** A holder of a valid bighorn sheep license issued through a drawing who kills a bighorn sheep in hunting districts 100, 121, 122, 123, 203, 213, 250, 270, 340, 421, 422, 423, 424, 441, 455, 620 and 760 must, within 10 days, present the complete head and cape to any Fish, Wildlife and Parks office or Game Warden for tagging and issuance of a possession and transportation permit. A holder of a valid bighorn sheep license, not issued through a drawing, who kills a bighorn sheep in hunting districts 300, 301, 302, 303, 500, 501 and 502 must personally present complete head and cape within 48 hours to any Fish, Wildlife and Parks office or Game Warden nearest the kill site for tagging and issuance of a possession and transportation permit.

"Pick-up" sheep heads will not be plugged and will be confiscated.

Quiet Zones: All mountain sheep hunting in the "quiet zone" portion of sheep hunting districts 423 and 424 closes one-half hour after sunset November 14, 1982. See legal descriptions of deer-elk hunting districts 427 and 428 for descriptions of "quiet zones."

MAKING APPLICATION FOR DRAWINGS

1. Application for license or permit drawings must be made on forms available from Montana hunting and fishing license agents or from an office of the Department of Fish, Wildlife and Parks. A clear photo copy of an application form will be accepted.

2. Residents do not need elk licenses prior to applying for special elk permits nor deer licenses prior to applying for special deer permits.

3. An individual may make only one application for each type of license.

4. Applications for drawings must be postmarked no later than June 15, 1982.

5. License fees must accompany all applica-

tions. Nonresident fees should be in the form of money orders, certified checks or cashier's checks. Personal and company checks will not be accepted from nonresidents. Please do not send cash.

6. Persons applying for drawings must be at least 12 years of age prior to September 15 of the season for which application is being made and must have completed required firearms safety training if under age 18.

7. No more than 10 percent of licenses issued through drawings for each district may be issued to nonresidents. In districts where there are fewer than 10 licenses to be issued, none will be issued to nonresidents.

PREFERENCE IN DRAWINGS

5-Year Preference For Moose,
Bighorn Sheep, and Mountain Goat

The system whereby persons may receive preference in drawings after applying for moose, sheep or goat licenses for five or more consecutive years is being phased out.

Persons who hold a 1982 notice showing five or more years preference may claim preference for the 1982 drawings. Seventy five percent of the licenses authorized for moose, sheep and goats will be available to this group. To maintain preference status, hunters must submit applications with the current preference notice for 1982 drawings.

Anyone with less than five years preference will not receive preference consideration for 1982 or any future drawings. Applicants in this group will receive 25% of the licenses available for each species. After 1983 the preference system will be

discontinued and thereafter all applicants will have an equal chance of success in drawings.

Preference notices are sent to persons with five or more years preference. If there is an error on the notice or if the notice is not received by February 1, 1983 the preference holder has until March 1 of the same year to notify the department.

Landowner Preference

Montana landowners who qualify may receive up to 15 percent of the antelope licenses, deer B licenses and special deer permits annually issued in each hunting district. To qualify, one must be the owner of record or be contracting to purchase at least 160 acres of land within the hunting district applied for. The land must be used primarily for agricultural purposes.
